SKILLER SGK50 S2 PBT

A full layout and full freedom, along with high-quality keycaps: The SKILLER SGK50 S2 PBT has all the benefits you would expect from the S2 series, such as hot-swappable switches and keycaps, as well as full configuration using VIA and QMK. And for an enjoyable typing experience, this keyboard version comes with high-quality, abrasion-resistant PBT keycaps that have been manufactured via the dye-sublimation process.

Features

■ **PRE-INSTALLED YELLOW G PRO 3.0 SWITCHES AND PBT KEYCAPS**
With a firm operating force of 50 ± 15 g and an immersive, linear feedback, the pre-installed yellow switches of the latest Gateron generation are the optimum to be found beneath the high-quality and abrasion-resistant PBT keycaps of the SKILLER SGK50 S2 PBT.

■ **CUSTOMIZABLE TYPING FEEL**
Or do you prefer the personal touch? With the SKILLER SGK50 S2, that's no problem! Switches of your choice with 3 or 5 pins can be easily installed and used. Of course, the tools required for hot swapping are already included with the keyboard.

■ **FULL FORM FACTOR**
The SKILLER SGK50 S2 is the right choice for those who enjoy full functionality on a full keyboard layout. With 100 to 101 keys, the keyboard has a compact 3-block format that is 96 percent of a conventional keyboard.

■ **FULL CUSTOMIZATION THANKS TO OPEN SOURCE**
Instead of any bothersome software installation, the SKILLER SGK50 S2 relies on simple steps to adjust the RGB illumination or set up macros. In addition, full customization is available through the open-source software VIA and QMK.

■ **RICH KEYBOARD SOUND**
To ensure that the keyboard sounds as good as it looks, we have installed a polycarbonate positioning plate and double-layer silicone damping for a rich, deep sound.

■ **STYLISH USB COILED CABLE**
Like all keyboards in the SGK50 series, the S2 also comes with a detachable coiled cable, which has a USB-C to USB-A connection and provides a particularly chic look for any setup.

Specifications

Product Name	SKILLER SGK50 S2 PBT
Type	Gaming Keyboard
Switch Technology	Hot-Swap (Gateron G Pro 3.0 Yellow)
